

# WHITE HORSE MILITIA

## Beginner's Guide

This document will give you all the essential and basic information on what the White Horse Militia is and what is expected of you when joining up to this organization.

### **Basic Requirements for Eligibility to Join:**

- .Must be over the age of 18 (Proof of Age will be requested).
- .Must be a resident of Kent for more than 12 years.
- .Must speak Fluent English.
- .Must be Physically Fit (Physical Training is involved).
- .Must have no critical health conditions (Asthma, Cancer, etc..).
- .Must undergo a Basic History and Geography Test.
- .Must have no Ties to any Extremist Group (We will ask questions).
- .Must have no Convictions that will make you ineligible for a firearm.

Joining the Militia is not the same as joining any other job, you will not be made to leave your current employment circumstances though we do treat the Militia in a manner that is similar to any other Armed Services such as undergoing physical training and exercises, conducting drills and expanding our skill set to become a stronger and capable unit.

The White Horse Militia is a Voluntary organization or NGO (Non-Government Organization) so we rely on donations from the public or local business but we also rely on personal investment (spending our own personal income or donation) for the equipment the organization relies on to remain functional.

We ask for basic knowledge in the form of History and Geography to ensure those who wish to join the White Horse Militia have a general understanding and love for the region they live in, we can't have individuals joining our organization if they do not hold any value for the land they are fighting for, we are Proud Kentish Patriots, we hold our land in our hearts and spirit, this is what separates the White Horse Militia from the current institutions that are the British Armed Forces and the British Police Forces, two organizations that do not hold the nation in their heart, but just after the government pension. To some that seems to be the current trend in society today, to us, we call that betrayal, they swore an oath to uphold the values of the nation, not enforce authoritarian rule upon the people or be defunded to be unable to defend the nation from domestic and foreign threats, that is why we were established.

## Beginner's Guide

### Why Are We Here?

This is perhaps the most important question to ask, why did the White Horse Militia get founded? We were founded because we see how dangerous our world is becoming, how corrupt our politicians are, how Authoritarianism is becoming the new rule of the Western World in the name of Social Justice and Diversity, the Liberal World Order has gave birth to Extreme Individualism that one's personal feelings now dictates how we all should live. While some individuals within the Militia do not smoke and never liked smoking, we do not condone any law that seeks to bans one's right to live their lives how they see fit as long as their actions do not harm another individual. The banning on certain dog breeds because of the inability of the owners to raise the dogs right is another law we do not agree with. These decisions are the results of people's personal feelings.

But the most important reason why we were founded is because the UK government has essentially turned its back on Kent, we have seen an influx of increased crime in North Kent within the Commuter Towns because of the emigration of Londoners into the area, bringing drugs and gang activities on our doorsteps, we blame this on the Mayor of London's decision to make London a place for the Rich and Powerful and a city solely for the corrupt, can't have the Capital looking like a cesspool can we? At least that is how it looks from our perspective.

Not only the crime wave coming from London but the illegal migration coming from the East, waves of illegals entering from our coastline is driving our county's finances through the roof that it is affecting our local taxes and prices, more people mean higher costs of goods and slow wage growth, it is harder to increase one's wage when you have a larger workforce to spread the money across. When the Kent County Council calls on the UK Government for help, we are always getting rejected, with Ebbsfleet and Ashford International still closed by Eurostar, this essentially cuts Kent off from both Britain and Europe, treating us more of a Buffer Zone, the problems we face in Kent with no help from Westminster and are expected to deal with the issues on our own is basically the Government telling us that we are our own Nation.

The White Horse Militia believes Kent should become its own Nation.

## Beginner's Guide

### Where Do We Stand?

The White Horse Militia in the eyes of UK Society and Politicians would look more like a Far-Right Extremist Group due to the values we believe in, but we believe we would be categorized as such because the UK Government and Society has moved too Far-Left that they left our traditions and values behind.

We believe in Individual Liberty and the representation of the common people as described in the Magna Carta and the English Bill of Rights 1689, This is why we believe in the right to keep and bear arms as stated in the Bill of Rights: *“That the Subjects which are Protestants may have Arms for their Defence suitable to their Conditions and as allowed by Law”*. We believe it is our God-Given Right to have Arms for our Defence, given the geopolitical climate of the world and society in the present time, we believe these conditions are grounds for the people to have arms for their defence but the keyword to be noted in this passage is “AND”, meaning the Law of the land determines that you have the right to keep and bear arms.

We are not Far-Left or Far-Right, we are Patriots of the land we love, Kent Nationalists if you want to get all dramatic and if Nationalism is deemed as Far-Right these days, I guess that makes the Scottish National Party Far-Right too but we all know they are so far from the political right that they have a non-Scottish individual as the leader of the party as part of their Woke Diversity practices. We in the Militia do not discriminate on the basis of Race or Gender, we believe in the ideas that we stand for, an idea that is not defined by one's colour or gender, but by the mere fact that we are human, we do not choose who joins the militia or our vision based on genetics, we base our ideas on one's character, who they are as an individual because at the end of the day, a community is not defined by how you look, it is defined by what you believe and it takes individuals to come together for a common goal that makes a community.

We are communitarian by nature and these days too many people have become too individualistic thanks to Liberalism, Society cannot function when everyone is only looking out for themselves, we don't believe Collectivism is the answer either, we acknowledge Individuals have value, Collectivists don't care about the individual, only the group matters to them, we care about individuals.

# WHITE HORSE MILITIA

## Beginner's Guide

### What Groups Do We Reject?

The White Horse Militia rejects any Group, Party and Organization that practices Positive and Negative Discrimination, this is what sets us apart from the Woke Mobs like Antifa, Black Lives Matter and Far-Right Racist Groups like Neo-Nazis and White Supremacists. We also have no love for Communists, Socialists, Democrats, Modern Liberals, Feminists, any group that stands for Collectivism because we see Collectivism as Anti-Liberty because they believe that if the majority wants something, they get it, we reject that idea because we believe Individuals Matter.

We know it sounds hypocritical to be Communitarian and Individualist as well because they sound opposite, in truth Communitarianism and Individualism can work hand in hand as long as neither becomes extreme and the only way to ensure this is to be enshrined in a written constitution. We believe in Freedom of Speech but only for those who value Free Speech, which is why we do not want Collectivist Groups having a say when the ideologies they believe in do not accept or tolerate Freedom of Speech, we feel we shouldn't allow these groups to have a say either, You cannot have Liberty if you allow groups that are Anti-Liberty to be involved, this is why the United Kingdom and the United States have become so hyper-polarized, Extreme Individualism and Extreme Collectivism cannot coexist and neither can a nation that is aiming to become Multicultural, a Multicultural society is a society that will tear itself apart, this is why we believe in a Unified Communitarian Society that values the Liberties of Individuals and shares common ideals for the nation, a balance between Social and Personal Responsibility.

We reject the Present UK government because of their direction, they claim to be Conservatives yet not a single aspect of their policies have anything to do with Conservatism, I doubt anyone in the UK even knows what Conservatism even means anymore because if the Tories have adopt Labour positions, is there even such thing as Conservatism if everything and everyone is moving in the same direction? We question this every day because we don't believe progress for the sake of progress is a good idea, we kept laws such as murder and stealing is bad which are over thousands of years old, just because something is old, doesn't mean we should cast it away but these politicians and activists believe the old ways are evil and wrong. We say their direction is wrong.

## Beginner's Guide

### Basic Wear

As part of a Militia, we encourage that all members wear matching attires though it is not mandatory, as long as we and the general public can identify you as a member, though we doubt most people would have the attire to begin with and can take time.

With that in mind, what we expect/encourage our members to wear:

- .Black, Olive, Grey T-Shirts or Under shirts
- .Olive, DPM Shirts if applicable, to match the trousers but not essential
- .Olive, DPM jackets for colder climates and windy conditions
- .Olive, DPM Trousers, be it combat or cargo or heavy duty trousers
- .Any Heavy Duty Boots, combat boots, anything for rough terrains
- .High Vis green for Humanitarian operations
- .Olive, Black, DPM Chest Rig, not essential except training or combat
- .Olive, Black, DPM Plate Vest, not essential except training or combat
- .Any headgear is acceptable, though encourage caps
- .Ballistic Combat helmet for training or combat

Generally our attire should be based upon the conditions of our environment, Kent is largely a green county and therefore we encourage DPM uniforms or Woodland, anything that is green that can blend with the natural environment though Olive is more ideal all round for rural and urban environments.

While we are not a Regulated Army but merely a Voluntary Force, we still aim to follow procedures that mimics that of any other military or law enforcement and if we ever find ourselves in a situation that may lead to potential clashes with military or law enforcement personnel, we will need to display a sense of professionalism and discipline to be seen as a force to be reckoned with, remember that our goal is not to threaten the local population or endanger their lives, but to deter the UK Government from contemplating any engagement against us by force.

This is why we believe matching attire is necessary as a show of force, power and organization, but wearing matching uniforms is not what makes us a formidable force, but the training we have to undergo to show we can stand against any threat both foreign and domestic.

## Beginner's Guide

### Basic Training

Basic Training is the most important factor for any military force, and it should apply for the White Horse Militia. We do not expect our members to undergo week long training because we do have lives outside of the Militia, we have families, jobs and other commitments but we do expect basic training at least once a week, more if you are able to.

What we expect from each individual is to be physical fit and capable, to be able to show discipline and endure physical tests and muscle repetitions to learn how to act accordingly when under pressure and keep cool headed and calculated.

What training will involve and what we expect:

- .We expect each individual to perform a minimum of 20 Push ups in one rep.
- .We expect each individual to perform a minimum of 30 sit ups in one rep.
- .We expect each individual to achieve 50-60 pushups and 80 sit ups a day.
- .We expect each individual to jog up to 30 minutes without need of rest.
- .We expect each individual to lift the equivalent of 20kgs without struggle.
- .We expect each individual to walk up to 5 miles while carrying a full load gear.
- .We expect each individual to learn about firearms and calibres.
- .We expect each individual to train how to use firearms safely and effectively.
- .We expect each individual to learn how to establish a camp site.
- .We expect each individual to learn Survival and Crafting skills.
- .We expect each individual to learn navigation skills.
- .We expect each individual to undergo Rural and Urban Combat Training.
- .We expect each individual to undergo Communications Training.

We believe this basic training to be essential to build a capable military force, while the British Army expects 42 push ups and 52 sit ups, we expect to hit roughly 50% of the regular army's training, while physical exercise is one aspect of training, it is not the only aspect, and remember that the White Horse Militia is not a military force so we do not expect to perform to the same levels as a professional army but we do expect you to be as well trained as one when it comes to combat as in the event of a skirmish, we will be fighting a guerilla style war so we may not be as skilled so we must learn to fight smart and tactically, plan and learn to rely on less conventional methods to win.

# WHITE HORSE MILITIA

## Beginner's Guide

### APER

APER is an acronym we use in the White Horse Militia as a means of establishing combat and situational awareness, this system works in a similar manner as the military's OODA doctrine. Understanding the APER method is the difference between life and death not just for military situations but in general walks of life too.

#### A = Assess:

Assess the situation you are in, are you in an area where you are exposed to risks and hazards or are you in an area where an incident or accident has occurred? You will need to assess your situation because if it is not you, it is somebody else and assessment is the most important component of life because learning to assess your circumstances now opens the door on what your next steps will be.

#### P = Position

Positioning yourself is a way to decide your next course of action, standing around isn't going to make a difference to your situation, you have to be smart and get yourself in a position to act.

#### E = Engage

Engaging does not mean attack or push forward, but engage on your next course of action, do you move forward or move back, attack or retreat? Any act is a form of engagement so make sure the engagement you choose is the right move for you.

#### R = Repeat

Self explanatory, repeat the APER method in every situation you will find yourself in.

APER is something you do everyday without realising because we always assess our daily activities, position ourselves in preparation to engage in the activities we do and we repeat this method after every activity, so now you have a basic understanding on what APER is, we hope this will be beneficial in your daily life as APER can help you focus on the task at hand, we like to use it as a motivational tool to help people be focused and disciplined in their goals.

# WHITE HORSE MILITIA

## Beginner's Guide

### Specialization

Specialization in the White Horse Militia is needed if we want to keep ourselves as an effective Militia Force, we may not have the equipment and funding as conventional military forces but we do encourage individuals to specialize in certain areas, driving a car is something many people can achieve with ease, but flying a helicopter is something only a handful can do.

To make sure we can stand up to any aggressive force, we need to have the means to strike, specialized training will need to become necessary and the areas we need these specialists is listed here:

- .Helicopter Pilots
- .Boat Operators
- .Armourers/Gunsmiths
- .Engineers
- .Reconnaissance
- .Jammers/Radio Operators
- .Aircraft Pilots
- .Cooks
- .Drone Operators
- .Medics
- .Snipers
- .Farmers

We expect most people to undergo some basic specialist training like learning to keep your weapon clean and functional, how to disassemble and reassemble your weapons, reading maps, stars and how to deploy from helicopters and boats efficiently. Other specialist training not listed but do including training to fight in cold and wet conditions, swimming/diving, IED and EOD training.

Remember that to be a reckoning force, we need to ensure our ability to strike back, we do not expect our goals of an Independent Kent State to happen without a fight so we will have to be as prepared as we can.

Each member of the Militia should have at least a minimum basic understanding of a Specialist skill in the event you become isolated, survival skills will be necessary to ensure you can handle your own.

# WHITE HORSE MILITIA

## Beginner's Guide

### Activities and Interactions

Just because we are a militia does not mean we cannot do other activities, we like to see ourselves not just a militia, but a family.

We don't want you to think you cannot be yourself or have no fun, each individual can arrange any activity they wish from bowling, fishing, camping, barbecue or a drink down the local pub, we want all who join to feel they are part of a community, we all believe in the same goals but we don't see ourselves as Militia that cannot enjoy the simple life and social gatherings, all family members are welcome to partake in social interactions and activities.

Remember, we are not just a Militia Force, we are a Community and as a Community, we believe in being there for one another no matter how small or petty or big your circumstances may be, you are not alone and nothing cures better than fun and being with people you know and trust and who care for you.

If you like music, bring your instruments or your band if you have one, play football, rugby, learn off each other your skills, help one another.

Go hiking, see the sights, travel, you are not bounded here, we are a voluntary force and an inclusive community, sure we like to have guns, look like hardened marines but the one thing this world is lacking these days is a community, we want to be the answer to that problem.

For years we have all been driven apart from each other because of longer work hours to cover the bills, cost of living going sky high, these issues only persist because the sense of community is gone, the government is not helping the people, the people are not helping each other, our children becoming more distant from their parents because their parents are always working and the children are glued to their phones, the sense of community is gone, the lack of communication has led to societal degradation.

Only through building a unified culture and community will save us from the struggles we face, we needn't have to face this crisis on our own, we should stand together, help one another through the hard times. This is why the White Horse Militia was founded and why the White Horse is a symbol of Hope.

# WHITE HORSE MILITIA

## Beginner's Guide

### Final Notes

Now you have read this guide. We set up this beginner's Guide so you have a basic understanding on who we are, what our goals are, the reasons we are established.

We are not your average little band of misfits, we are not disorganised activists that believes hiding our faces and wearing all black makes us brave freedom fighters like Antifa thinks they are. We do not care how the media portrays us, we do not care what the government thinks about us. We are not here to win the hearts and minds of the government or the media, we are Patriots who Love Kent and our focus is solely on restoring Freedom and Liberty to the Kentish People without the approval of Westminster.

We do not answer to London, we do not answer to Downing Street or the Houses of Parliament, we do not answer to Labour or Tories or any UK party, we answer only to ourselves and the people of Kent and the people of Kent has had enough of the ever expanding authoritarianism that is happening across the United Kingdom and the rest of the world.

It was our politicians that pushed the world to the brink of World War III, it was our politicians that pushed to world to become more broken by favouring the rest of the world over their own people, it is the rule of the government that allows Terrorist sympathisers to march and protest in London and across Britain without repercussion while British Patriots are branded as Far-Right Racist Thugs.

Unlike the other patriots, we actually have the balls to stand up for what we believe in, we have the will to fight for what we believe in, we will not back down, we don't answer to British Authority, we reject Authoritarianism wherever it shows itself and we will no longer stand by and let our land be treated with disrespect.

We are the White Horse Militia, We Resist All Tyranny and We Fight For Freedom.

To those reading this  
**YOU ARE THE RESISTANCE**
